

ANDRE OLUMIDE

SOFTWARE DEVELOPER

WORK EXPERIENCE

Eastwind Laboratories Ltd

Ile Ife - Osun State

2020 - 2022

I worked as a Web and Mobile App Developer, specializing in front-end development. My role involved using Flutter, React.js and a range of JavaScript technologies to create responsive, interactive, and user-focused web and mobile applications.

Billyronks Global Ltd

2022 - present

I work as a web and mobile app developer, starting with responsive web development and now focusing on building high-performance cross-platform apps using Flutter. My role includes designing intuitive user interfaces, backend integration, and ensuring smooth user experiences.
